

## Outlook Error 0x80042108

(Mail Hosting: NTT Communications (Thailand) Co., Ltd.)

### Error 0x80042108 when receiving email

There are a couple of causes for this error. You **may have SSL enabled** and don't need it or you are running Norton Personal Firewall 2002 or Norton Internet Security software.

If you have any questions or concern ...

**Please take note of any error messages and contact support-mail team as soon as possible.**
