

Outlook Error 0x80042109

(Mail Hosting: NTT Communications (Thailand) Co., Ltd.)

Sending reported error (0x80042109): **Outlook cannot connect to your outgoing (SMTP) e-mail server.**

1. Check your outgoing server name.
 2. The port number and SSL setting.
 3. The authentication setting.
- ✓ Open the **Account Settings dialog** > double click on the **affected email account**. Is the server name correct?
 - ✓ Click the **More Settings** button. > check the **authentication settings on the Outgoing server** tab > check the **port number and SSL settings on the Advanced** tab.

If you have any questions or concern ...

Please take note of any error messages and contact support-mail team as soon as possible.
