

Outlook Error 0x800CCC7D

(Mail Hosting: NTT Communications (Thailand) Co., Ltd.)

Error 0x800CCC7D **when sending email**

This error code means you have **SSL enabled** and your **mail server doesn't support SSL**.

Disable SSL in ...

Tools > Email Accounts > double click on the account > More Settings > Advanced tab.

The error message may say that it's a **Secure Sockets Layer error**.

If you have any questions or concern ...

Please take note of any error messages and contact support-mail team as soon as possible.
